

THE BLAIRMORE ENTERPRISE

VOL. XXVI, NO. 48

THE BLAIRMORE ENTERPRISE THURSDAY, NOVEMBER 28, 1935.

\$2.00 PER ANNUM

Crystal Dairy Ltd.

Whose interests are located in Lethbridge, conduct a modern institution for the production of Quality Ice Cream. Superior products have won wide patronage with the consumer and provide a reciprocal cash market for the farmer in selling cream.

Lethbridge (I.N.S.)—The Crystal Dairy Ltd. for the production of pure ice cream in a model and sanitary establishment and an institution that has helped produce one of the paradoxes of the high cost of living. A decade ago ice cream was considered a delicacy only to be used on Sundays and holidays. But in line with all other progressive movements, this delightful food commodity has become recognized as a healthful and necessary food in reality a standard part of the daily diet as well as a delicacy for social functions, outings, etc.

"Crystal" Ice Cream is an accepted product and available in a wide range of flavors to meet the individual taste. They make a specialty of individual orders for parties, weddings, banquets and other social affairs.

Perfect refrigeration keeps the raw materials of their product under constant even temperature during the process of production. Sterilized equipment insures sanitation. The "mix" is scientifically blended and prepared by skillful operators, resulting in a perfect finished product.

Without question their plant leads in volume of business in this particular field. They aid in the progress of diversified farming by getting their cream from the local farmer and pay sufficient to enable the farmer to feed and care for his stock properly.

Popularity with the consumer is evidenced by the fame "Crystal" Ice Cream has attained. By reason of the large volume of business handled through modern equipment and method, they can manufacture and sell their products which are of uniform quality at prices well within the bounds of business fairness, operating on a competitive basis with the foremost firms.

Their plant is open for inspection by the public at all times and they are cordially invited to call and familiarize themselves with the development in this industry.

GOVERNMENT TO TAKE OVER DISTRIBUTION OF BEER

Edmonton, Nov. 27.—Distribution of beer in Alberta will be taken over by the provincial government itself on March the 1st, under plans now being drawn up, it was learned today.

The provincially-operated system will replace Distributors Limited, the selling agency operated by Alberta brewers.

The government hopes to profit by an amount as high as \$100,000 annually.

Order-in-council approving the change has not yet been passed, but the government is understood to have approved preliminary plans, and it is expected the order will go through within a short time.

Under the government system, all beer will be sold through the government vendors. The government itself will make no deliveries, such as the C.O.D. system which has been operated by Distributors Limited. It is also proposed to eliminate advertising of beer in Alberta papers.

Dr. Lutz Heck, director of Berlin's (Germany) zoological gardens, one of the largest of such institutions in the world, who visited our national parks during the past summer, has completed arrangements for the shipment of ten moose and twenty young buffalo from their native habitat at Wainwright, Alberta, to Europe. The animals will not be kept in the zoo, but in large parks, to obtain as nearly as possible conditions suitable for wild life.

PRESENTATION TO HARVEY WHEATCROFT

Scout Patrol Leader, of
LIFE SAVING MEDAL
Will be made from the steps of Blairmore Central School on Friday, November 29th, 1935, at 2.45 p.m., and all friends will please take this notice as an invitation to be present.

BLAIRMORE SCOUT COMMITTEE.

LOCAL BOY TO BE HONORED FRIDAY

As will be remembered, Troop Leader Harvey Wheatcroft, of Blairmore, early last spring, rescued Claire, daughter of Mr. and Mrs. H. M. Bennett, from the icy high waters of the Old Man river here at great risk of his own life.

Others to receive recognition for acts of gallantry from the Chief Scout of Canada are Rover Scout Andre, of the Fourth Calgary (Elks' Own) Rover crew, who receives the silver cross for his endeavor to rescue the late Billy Devine from the waters of the Bow River last April, and Scout Carl Alford, a certificate of merit for rescuing a boy from a lake near Raymond. These awards will be made in their respective districts.

Mr. John Shevils, of Bellevue, occupied the pulpit of the local United church on Sunday night last very acceptably.

Rev. Ralph Smith, evangelist, working in the interest of "Back to the Bible Club," will be at the United church tonight, Friday and Saturday nights. Services will commence at 8 o'clock. Mr. Smith is an eloquent speaker and will have messages to interest everybody. You are cordially invited to attend these services.

Rumor has it that a large department store, about 100 x 115 feet, is to be established in Coleman. The site favored is that known as the Cameron-Graham block on the south side of the main street, between the Nicholas store and the postoffice, all of which would likely be torn down to give place to a modern structure.

It is reported that all charges against Charles Koska, of Michel, first charged under the Motor Vehicles and Traffic Act, and later under the Criminal Code, have been withdrawn. Koska was driver of the car which smashed into a bridge crossing the Crow's Nest River near Lena Cumdore, a passenger, was killed, and Steve Brosky, of Frank, was seriously injured. The accused was represented by F. O. McKenna, of Pincher Creek.

Garrett Fur Store

Located in Lethbridge, at 797-3rd Ave. S., are manufacturing furriers of the highest order. They enjoy the local and out-of-town patronage of discriminating people.

Lethbridge (I.N.S.)—By reason of the widespread range in quality and price it is very difficult for the uninitiated to select a fur or fur article of any description and get value unless they are dealing with a firm in whom they can place confidence. Therefore, there is general satisfaction in doing business with this furrier established fifteen years.

The Garrett Fur Store, under the direction of Geo. W. Garrett, is of the highest order. They buy selected raw skins which are made into attractive honest value. This insures the customer of purchasing quality merchandise on a one-price basis. They are courteous and will be pleased to have our readers inspect their stock. In addition, the firm operates a modern repairing and remodeling department and are equipped to re-model your last winter's coat or re-line the same as you wish.

In this edition we point to the success they have made and assure our readers of dependable service through them. They refer prospective patrons to many prominent citizens of Lethbridge for reference if desired. Mail inquiries especially invited and will receive careful and prompt attention.

YOUNG ALBERTA HEROINE WILL RECEIVE HONOR

An Alberta heroine will shortly be honored by the Canadian Humane Society for her bravery in rescuing a younger brother from death when attacked by a bull last August.

A letter from the society recognizing the bravery of the girl, 13-year-old Marie Hunt, has been received by Mayor J. W. McDonald, of Macleod. The letter stated that her heroic act will be honored in the near future.

Marie and her two brothers were driving cattle to water, when a bull turned on one of the boys, knocked him down and severely injured him. Marie saved him from further injuries by grabbing the ring in the bull's nose and pulling the animal away. The other boy picked up the injured lad, who suffered wounds to the right leg and body from the horns of the bull, and carried him to safety.

The Blairmore Bearcats will play Bellevue Bulldogs on December 4th in the league opener.

The Claresholm Local Press remarks: It looks as if Social Credit was going into reverse since the provincial treasurer has announced the probable increase of taxation in Alberta. No doubt, many will remind Alberta of pre-credit statements, which were facetiously promised that under Social Credit hardly any taxes would be necessary. We are willing to forget all that if the government will get things in line where the provincial debt will be on the down-grade instead of the up-grade, and if they will refrain from bonding for future improvements.

Following is a list of tombola prize winners at St. Anne's annual bazaar: Satin bed quilt, H. Meade, Bellevue; \$10 cash, P. Barattelli, Blairmore; occasional chair, Miss Leona Cumdore, Blairmore; 98-pound sack flour, J. Yanota, Blairmore; sheet and pillow case set, Miss Milda Bond, Calgary; grocery order, Mrs. R. K. Lillie, Blairmore; large fern, Miss Bessie Passmore, Cranbrook; magazine end table, Eddie Began, Blairmore; upholstered stool, A. Lonetti, Blairmore; silver cake basket, Mrs. Jack Maddison, Blairmore.

Lethbridge Laundry Co., Ltd.

With plant located at 542-4th St. S., in Lethbridge, is a prominent laundry and dry cleaning firm serving the city and district.

Lethbridge (I.N.S.)—With a reputation for laundry and dry cleaning work built to last, the services of the Lethbridge Laundry Co., Ltd. are in demand.

Their name stands for quality, reliability and progress in the laundry and dry cleaning business, and as the advances of the period have marked improvements in methods and equipment, this firm has adopted the advanced ideas and thus satisfactory work is assured the public.

Their plant is equipped with the latest type of machinery, so that they can handle family washing and all classes of dry cleaning without injury to the most delicate fabrics or fading. All the work sent them is given individual attention and this fact has caused them to build an enviable reputation. No work is too difficult for them to handle, and their dry cleaning department has made a specialty of ladies' garments, serving people who realize that proper cleaning and dry cleaning means longer life in addition to better appearing garments.

FORMER HILLCREST YOUTH WINS SIGNAL HONORS

Henry Schroyen, of Regina and formerly resident of Hillcrest for several years, is reported to have won high laurels in the photographic field, in a recent competition in Regina.

Fred Gregory, manager of the Hillcrest hotel, states that the small town boy who made good received a beautiful silver trophy with \$25 cash for the best photo of the year in the annual summer competition sponsored by Saturday Night of Toronto. The picture, entitled "Apple-Day-ers in Saskatchewan," was the choice of some 8000 photos submitted.

Under the auspices of the Hillcrest Social Credit group, a concert and dance will be held in the Union hall at Hillcrest on Thursday, December 26th. Concert will commence at 7.30 p.m., and a splendid programme is assured. The dance (the second annual) will be from 10 to 13.

Members of the Board of Railway commissioners were in town yesterday, taking evidence and going over the grounds of the new railway crossing recently applied for. Considerable opposition has been entered against the closing of the present crossing at Fifth Avenue.

A recent statement by Premier Aberhart, in reply to a certain threat, was to this effect: "We cannot introduce Social Credit on rotten foundations. It will be impossible to pay dividends before eighteen months from the time we took office. It is the government's intention to first of all balance the budget and stop the orgy of spending. We do not desire to repudiate our debts, but if we strengthen the security of mortgages, we should have fair treatment in regard to interest rates. Please let me insist we cannot begin Social Credit for a while yet."

Prominent among the mining engineers visiting this district last week were Captain J. G. Ross, president of the Canadian Institute of Mining and Metallurgical Engineers, Mr. J. G. Ross; Mr. C. A. (Chuck) MacDonald, Sales Engineer for the International Nickel Co., Mr. George Kellogg, manager of the McGillivray Creek and International Coal Companies; Mr. W. R. Wilson, former general manager of the Crows' Nest Pass Coal Co.; Mr. C. J. Carlyle, secretary of the Institute; Mr. Hartley Wilson, well-known coal mining man, and many other outstanding figures in the Canadian mining world.

Wilkins and Nuttall

Located at 319-6th St. S., in Lethbridge, are prominent optometrists whose efficient service and reasonable charges have brought them a large clientele. Their services are in demand by adults and mothers having their children's eyes examined.

Lethbridge (I.N.S.)—Your eyes are two of your most delicate organs and when irritated require the attention of an expert. Wilkins and Nuttall have made a special study of the eyes and are thoroughly competent to fit glasses. With many years' service to the local public they are well known and have established a practice which extends throughout Southern Alberta.

The Messrs. Wilkins and Nuttall have attained a well-merited reputation in the correction of troubles that affect children's eyes as well as adult cases, and their success in this important work deserves the highest commendation. This is particularly true as regards their ability in the correction of muscular deviations of the eyes. Many grateful mothers have found that their children quickly improve in their studies and their grades become higher just as soon as the trouble has been removed.

When you wish your eyes examined, we recommend the service offered by them. They will give clients their personal attention. Their examinations are thorough in every instance, making a careful inspection of the eyes, and finding ultimate complete relief.

Push Sale Of Canadian Wheat

Western Canadian farmer organizations are on the right track in taking steps to launch a well defined and coordinated program of publicity with the promotion of greater consumption of high grade wheat in customer countries as its objective.

Within a period of a couple of weeks two of the large farmer marketing organizations have given their blessing to such a move. These are the central organization of the Canadian wheat pools, whose plan to place an all-Canadian wheat loaf before the BRITISH consumer was endorsed at the annual meeting of the Saskatchewan Wheat Pool delegates and the United Grain Growers Ltd., who, at their annual meeting in Winnipeg sponsored a publicity program for Canadian wheat overseas.

Briefly, the U.G.G. Ltd. propose to interest boards of trade and other organizations throughout the prairie provinces to sponsor a request to the Federal government to set up a special sales promotion body to be known as the Canadian Wheat Institute with offices in consumer countries, the objective being to develop greater consumption of high quality wheat, which, of course, means wheat grown in Canadian fields.

The necessity for stimulating overseas consumers' interest is cited in the following quotation from the directors' report at the annual meeting of the Saskatchewan Wheat Pool: "In spite of the fact that Great Britain remains the best Canadian overseas customer for Canadian wheat, our wheat is invariably used only for blending with other wheats, particularly in the English mills. The British people generally are not familiar with the high quality of bread which can be baked from Canadian flour."

In support of the argument that a publicity campaign should be conducted in Great Britain, figures were quoted at the U.G.G. convention to the effect that while world consumption of wheat has dropped 31 per cent. in the past five years, Canadian wheat exports have been lowered by 49 per cent. in the same period.

While this may be true, it does not necessarily mean, however, that Canada is not holding her own in competition with other wheat exporting countries as total exports have dropped faster than total consumption due to the self-sustaining efforts of a number of the former customer countries in Europe. It does demonstrate, on the other hand, a material reduction of consumption of wheat, during the period under review.

Unfortunately, there is evidence that there is actually a reduction of consumption of wheat in Great Britain, Canada's best customer for high grade wheat. Representatives of the Scottish Co-operative Wholesale Society, while in Western Canada this summer, testified that while the Scotchman insists upon bread made of wheat of high protein content, as a result of which "white bread" by the Co-operative's affiliates and subsidiaries contains 93 per cent. Canadian wheat, he is also eating less bread than formerly and, incredible though it may sound, is consuming less porridge. The Caledonian is substituting more expensive fruit, bacon and eggs and other comestibles, for a percentage of his erstwhile substantial diet of bread and oatmeal.

There are indications that a similar situation exists in England, where the popular taste is for a lower grade loaf than the Scotchman demands, for within the past year the British millers have found it advisable to institute a five-year advertising program at considerable expense in an effort to persuade the population south of the Tweed and the Cheviots that his bread is not more bread.

With many of the former markets virtually closed to Canadian wheat and the British market showing a tendency to shrink, due to changing dietetic tastes, or whatever the cause may be, the outlook is not reassuring to the Western Canadian farmer.

The farmer organizations are becoming alive to the need for taking some steps to deal with these conditions and it is to be hoped that some effective program can be devised with all interests working together to a common aim.

In some quarters it is suggested that this is an opportunity for the Canadian Wheat Board to take the initiative in co-operation with the Department of Trade and Commerce. It is pointed out that the Wheat Board, under the Canada Wheat Board Act, is vested with wide enough powers in section 8, sub-section B, which gives the board authority "to sell and dispose of, from time to time, all wheat which the board may acquire for such price as it may consider reasonable with the object of promoting the sale and use of Canadian wheat in the world markets."

Some recent experiments in the home market show that the public will respond to a loaf made more attractive by flavoring or other devices and it is possible that similar efforts to woo the British consumer would pay dividends. At any rate it is worth a trial.

Soil Survey

During the past summer the Manitoba Soil Survey under the direction of Professor J. H. Egan of Manitoba University has made a reconnaissance soil survey of approximately 1,774,080 acres in the drought area of southwestern Manitoba.

Canada's Chief Loss

In the event of Italy retreating by refusing to buy from Canada the chief loss would be in wheat, according to the exports for the last fiscal year when wheat to the value of \$1,066,624 was shipped to that country.

The invisible larvae of the clothes moth, and not the moths themselves, do the damage to clothing.

No Cause For Worry

"It may be a million years," a member of the department of astronomy, University of Toronto, said, referring to the statement of St. James Jeans, British scientist, that the moon will soon split into pieces and bathe the earth in perpetual moonlight.

Language Dying Out

Terminates Annual Gifts

Rockefeller Believes Sectionalism In Church Is Wrong

Forfeaking the traditional practice of his father, John D. Rockefeller, Jr., has terminated his annual monetary gifts to the Northern Baptist Church in the belief that inter-denominationalism is the best service of Christian religion.

In a searching letter to the Northern Baptist convention, written March 7 last, but revealed only recently, the son of the founder of one of the world's greatest fortunes informed the church that henceforth any future gifts would be only to specific agencies of the church.

"I have long felt," he wrote, "that this denominational emphasis is a divisive force in the progress of organized Christian work and an obstacle to the development of the spirit and life of Christ among men." To hold young people, Rockefeller said, who are largely unconcerned with denominational distinctions, the church must work with them "in relegating the non-essentials to a place of secondary importance and stand with them for the fundamentals of Christian duty."

Rockefeller, the largest individual donor to the church, has in the past made annual donations ranging from \$250,000 to \$1,000,000 to the general budget of the Northern Baptist convention.

Made Noise Like 'Plane

Swarming Wasps Routed Pack Trains

B.C. This Year Wasps were numerous throughout British Columbia this year. Hundreds of nests honeycombed the rocky ground of the Cariboo district and on Vancouver Island.

"You could stand still anywhere in the woods, listen quietly, and hear a humming like a flock of distant aeroplanes," a logger in the Courtney district of Vancouver Island reported.

He told of finding an area where a bear had demolished a dozen nests in the space of a quarter of a mile, feasting on the young wasps it found.

Many nests were situated on the Forbidden Plateau and pack trains were often attacked by the stingers. Horses rear and plunge as the swarms sail in to the attack. The stings remain with the horses only a few minutes, however, and they are soon quiescent.

Unique Picture Gallery

Has Been Hobby Of Hotelkeeper For 35 Years

Trail, a little more than 10 years in British Columbia, boasts a unique picture gallery. It is owned by Pete Levesque, a hotelkeeper, who has made it his hobby for 35 years, and it covers every inch of wall space in his lobby.

The gallery includes a photograph of every prominent man or woman who has visited Trail since 1900, and many of the photographs are autographed. All carry a short biography of the subject in Mr. Levesque's spidery writing, each ending with the word "died," followed by a blank space to be filled in when the time comes. Some of the subjects have thought this meticulous attention to detail a trifle premature.

Making It Clear

Mose knocked the ashes from his cornucop pipe and put it on the mantlepiece. "Mandy," he said, "I think I've gone put on that best clo's an go down to the theatre tonight to see de chorus ladies dance."

Mandy turned a stony eye on him. "Mose," she grumbled, "listen here. If dat am what you thinks, den you'd better think ag'in. Niggah, you ain't govine to put on nothin' to go no place, no time, to see nobody do nothin'; never, nohow, and not at all. Does yo' understand?"

The golfer had lost his ball, and, not unreasonably, was inclined to be annoyed with his caddy.

"Why didn't you watch where it went?" he asked.

"Well, str," said the boy, "it don't usually go anywhere, and so it took me unprepared like."

In addition to ancient eggs and birds' nest soup, the Chinese are particularly fond of dogs' flesh marinated made from roses, preserved oysters, ducks' gizzards, and canned earthworms.

Fish can be kept fresh for three months by means of a new process of brine freezing perfected in England.

In case you are interested, the salary of a member of parliament is \$3,600.

Some people are noted for their ability to recollect things that never happened.

If You Eat Starches Meats, Sweets Read This

They're All Necessary Foods — But All Acid-Forming. Hence Most of Us Have "Acid Stomach" At Times, Easy Now to Relieve.

Doctors say that much of the so-called "indigestion," from which so many of us suffer, is really acid indigestion... brought about by too much of acid-forming foods in our modern diet. And that there is now a way to relieve this... often in minutes!

Simply take Phillips' Milk of Magnesia after meals. Almost immediately this acid is neutralized the stomach acidity that brings on your trouble. You "forget you have a stomach!"

Try this just once! Take either the familiar liquid "PHILLIPS'" or, now the convenient new Phillips' Milk of Magnesia Tablets. But be sure you get Genuine "PHILLIPS'".

English Language Changes

Words Drop Out And Come Into Use Again

A sign of the way in which the English language changes is seen in the use of the word "tremor," when describing earthquakes. In the last few days it has frequently appeared in news dispatches, but we were unable to find it in the Shorter Oxford English dictionary or in the Century, though we thought it would surely be in the last.

We could find "tremor," that is, one who trembles, and "tremor," (that is, an agitation of the limbs, or of the earth, but no "tremor." The Century dictionary quoted J. Milne's use of the word "tremor" as follows: "Modern research has shown a typical earthquake to consist of a series of small tremors succeeded by a shock or series of shocks."

The word was not in the body of the text of Webster's New International dictionary, either, but it was included in the footnotes, and this is what we read: "tremor—erroneous for tremor." And what is "tremor"? It is Spanish for earthquake, says Webster. From an old dictionary, the Standard, published in the thirties, we got a little more information. It contained "tremors"—the word there has an extra "o"—which were defined as "tremors of the earth's surface in volcanic districts."

The word is Spanish, from "temblar," without the "o"—meaning tremble. It was derived from South America. Apparently it was in common use in America, in its erroneous form, at the end of the last century, then dropped out of current speech, and has now made its reappearance just like a dandelion in a lawn—Hamilton Spectator.

Java Has No Poor

Native Diet Is Frugal And Everyone Has Enough

Speaking of the world tour of Lord Baden-Powell and herself which recently concluded with their visit to Canada, Lady Baden-Powell mentioned their stay in Java, and added: "I might say there isn't a poor person in all of Java. Of course the native diet is frugal—a handful of rice and a couple of bananas is sufficient each day. But we could learn a lot from the attitude of these Eastern people. Their kindness, their friendly spirit, and their goodness shine from their eyes."

More Statistics

"When one gets a piece of dust in his eye he should remember that the earth weighs 5,885,518,000,000,000,000 tons," says The St. Thomas Times-Journal, and the London Advertiser remarks it might also help to recall that there are roughly 2,000,000,000 people in the world ready and willing to pluck moles out of other folks' eyes.

The moon sometimes comes 30,000 miles closer to the earth than at other times. It does not travel in a perfect circle around the earth.

Arithmomania is a strange malady. The sufferer is obsessed with uncontrollable desire to count things.

Tung oil has been important in China over 8,000 years.

Poultry Congress In Leipzig

Exhibit Building In Berlin Was Destroyed By Fire

Owing to a serious conflagration in the city of Berlin, Germany, the large building in which the live bird exhibit of the Sixth World's Poultry Congress was to have been held in 1936 was destroyed by fire. As there was no other hall in Berlin large enough for the purpose, the Congress authorities decided to hold the Congress in Leipzig. According to official information, this arrangement will give better accommodation than was possible in Berlin; while at the same time the delegates will have every opportunity of seeing the sights in and around Berlin itself on the occasion of a pre-arranged visit. Provision is also being made for the delegates to visit the Olympic Games, which will be held on the outskirts of Berlin. A Canadian tour is being arranged, and already there have been some definite bookings and a large number of applications for information.

Propane Gas Has Many Uses

Can Cool A Refrigerator Or Run A Motor

One of the products of oil and gas wells is a condensable gas, propane. Under compression it is a liquid, but if released to atmospheric pressure it becomes a gas. When it changes from a liquid to a gas it has properties similar to dry ice, solid carbon dioxide. It has frequently been suggested that propane could be used for a dual purpose with completely opposite effects. It could first be evaporated from the liquid state through a coil of pipe to cool a refrigerator and the vapor could then be run to a gas stove, where it could be burned as fuel. A parallel application applied to motor trucks transporting perishable foods is described in "Food Industries." The propane is first used for refrigerating the body of the truck and is then used as fuel for the motor instead of gasoline.

Told Astonishing Story

Fishermen On Caspian Sea Marooned For Five Days

"Thousands of Caspian fishermen told an astonishing story of having been marooned on the bottom of the sea for five days, dispatches to Moscow stated.

Their report was that at the busiest period of the fishing season the sea itself retired from under the fleet.

It receded along 150 miles of the northern shore line of the Caspian Sea, leaving the ships high and dry, several kilometers from solid earth. Airplanes dropped food to the marooned men until the tide flowed back and allowed them to refloat their ships.

Increase In Dairy Herds

A survey of farms on the Lethbridge Northern Irrigation area shows an increase in dairy herds and a steadier level in prices for cream. There are altogether 3,500 cows of which about 2,000 are Holsteins in the district, but with 100,000 acres available these numbers are capable of considerable increase.

Took Name From Islands

The Canary Islands were called "Canarie" by Ptolemy, because of the multitude of dogs of great size found there. The demarcated canary took its name from the island, and not the islands from the bird.

The large, white, funnel-shaped "blossoms" of the calla lily are not the true flowers at all, but outer leaves. The real flowers are tiny, inconspicuous things, crowded together on the club-like spadix in the centre.

It has been estimated that twice as many boys as girls figure as victims of road accidents, while eight times as many boys as girls are drowned.

The poisonous toadstool and the edible mushroom are of the same family.

Don't "Chisel" Yourself

Don't "chisel" yourself, when for so little you can get the best. You have always enjoyed Ogden's and now that times are better, you get back to Ogden's and pleasure.

And don't forget to roll it with the best papers "Chantecler" or "Vogue".

Unique Design For Windows

South Africa's New Post Office Using Replicas Of Stamps

South Africa's new post office which is now under construction is to have stained glass windows in the form of enlarged replicas of the Union's halfpenny, penny, twopenny and fourpenny postage stamps. Intertwoven with the stamp designs are representations of a streamlined train, aeroplane, a motor ship, and a radio station emitting sparks. A pair of symbolic poles help to balance the design which are supported by medallions, sketches of mail coaches and other old methods of postal transport.—L. A. Barnes.

To Learn English

In the last two years nearly 4,000 foreign girls have gone to England to become domestic servants, most of them being well educated and of good family, but adopted this means of improving their knowledge of English.

Asia, with its 16,700,000 square miles, is the most populated continent. It has more than 954,000,000 inhabitants, or over half the population of the world.

About 80 per cent. of our drinking water is treated with liquid chlorine to destroy the harmful bacteria.

The hardest job a clerk ever tackled is trying to sell a woman something that can't be exchanged.

Don't forget that you are a part of all of the people who can be fooled some of the time.

TRANS-ATLANTIC AIR MAIL PLANS TO BE DISCUSSED

Ottawa.—Conference designed to determine the best route for a trans-Atlantic airmail and freight service between Canada and Ireland will start here between an inter-departmental committee of Canadian experts and 11 aviation and postal officials from the United Kingdom, Northern Ireland and Newfoundland.

Sir Donald Banks, director-general of the British post office and head of the visiting delegation, disclosed the British government hoped eventually to establish an airmail service to carry letters for the cable agencies.

Delegates will have three choices of routes. They may decide to send aeroplanes across the roof of the world—over sub-Arctic and Arctic Canada, Greenland, Iceland, the Faroe Islands, Northern Ireland. This route has been surveyed in part.

They may choose a southerly route from Ireland or Bermuda and from there to Nova Scotia or New Brunswick. Sir Donald said choice of the Bermuda route would not necessitate New York landings as the Great Circle distances between the islands and New York and the maritimes are practically the same.

The third choice might be a direct jump from Ireland to Newfoundland and Canada.

Duke's Son Christened

King and Queen Godparents For Prince Edward of Kent

London.—The first-born son of the Duke and Duchess of Kent was christened Prince Edward George Nicholas Paul Patrick in the private chapel of Buckingham Palace, in the presence of his grandparents, the king and queen.

The ceremony was performed by the Archbishop of Canterbury, using River of Jordan water dipped from the same golden font from which the infant's great-grandfather, King Edward VII, was christened.

Seventh in line of succession to the throne, the king's young grandson will be known generally as "Prince Edward of Kent."

His godparents were the king and queen, the Prince of Wales, Prince Nicholas of Greece—his maternal grandfather—and the Duke of Connaught who was represented at the ceremony by Prince Arthur of Connaught.

Royal Air Force

Plans Made For Additional Aircraft Construction

London.—A project for additional aircraft construction to bring the strength of the Royal Air Force to a total of about 2,500 aeroplanes by May, 1937, was disclosed by authoritative sources.

A spokesman said orders for about 250 more planes than previously announced were already placed in factories working overtime to turn out military craft.

When the present program has been completed, authorities said, the home defence planes will total 1,500, and the fleet, aviation and overseas units about 700.

The previous total had been set for about 1,950.

Shepherd From Prairies

Sheep-Dog Skill Is Shown At Royal Winter Fair

Toronto.—Shepherd from the prairies brought down the house at the opening of the Royal Winter Fair.

The crowded Coliseum at the Canadian National Exhibition ground cheered to the echo the display of sheep-dog skill and intelligence given by William H. Martin of Maple Creek, Sask.

The three dogs rounded up sheep and geese, guided by low commands and a faint "hiss" from the shepherd.

Joins Royal Air Force

Only Boy Accepted From Saskatchewan Is 16 Years Old

Unity, Sask.—John Aedy, a 16-year-old boy who has the distinction of being the only boy in Saskatchewan to be accepted as a cadet in the Royal Air Force is en route for England, where he will attend the R.A.F. school for three years. He is a son of Capt. Aedy, M.C., of Revenue district, and was educated at a country school. The examination set by the air ministry is considered to be exceptionally difficult for a boy of his years.

War Flyer Under Arrest

German Alleged To Have Spied On British Aircraft

London.—Dr. Hermann Gorts, German war flyer, was under arrest charged with contravention of the Official Secrets Act and a war office statement indicated another person was sought on a similar charge.

The charges against Dr. Gorts are that at Perth, Broadstairs and St. Peter's between Sept. 18 and Oct. 23, 1935, he acted in contravention of the Official Secrets Act and that between Sept. 18 and October 24 at Broadstairs he conspired with another person not in custody to commit offences against the same act.

Dr. Gorts was arrested at Harwich on Nov. 8 and held in Brixton jail following preliminary question at Margate. He was alleged to have spied on the Manston airport near Broadstairs.

The Daily Sketch said his arrest was a sensational development. It stated there was an allegation that Gorts had documents contrary to the Official Secrets Act.

The newspaper said a beautiful golden-haired young woman sometimes accompanied him on his frequent trips to England. The girl, understood to be his daughter or his niece, returned to Germany this fall, it was stated.

New Zealand Trade Pact

Will Encourage Shipment Of Cars From Canada

Ottawa.—With extensive revision of duties on Canadian motor vehicles, including cars, the Canada-New Zealand trade pact expiring next Nov. 24 has been renewed to July 31, 1936, Hon. W. D. Eiler, minister of trade and commerce, announced.

The new rates will only become effective next May 1, while further trade negotiations will be carried on between the two countries.

The changes in the New Zealand tariff were made at the request of that country in order to encourage the importation into New Zealand of goods which the assemblying might be done there.

Canadian exports to New Zealand have been increasing steadily from \$3,068,500 in the year 1932 to 1933 to \$3,744,785 in the year 1934 to 1935. In the last eight months alone, exports to New Zealand reached a total of \$4,326,593—an increase of \$800,000 from the corresponding six months of the previous year. The chief item of export was commodities and parts exceeding \$1,600,000.

Imports from New Zealand have also been increasing steadily. In the year 1932 to 1933, the amount was \$669,704. This increased in the year 1934 to 1935 to \$2,534,678.

Captures Wheat Prize

Royal Winter Fair Award Goes To Alberta Farmer

Toronto.—Howard P. Wright of Aldridge, Alta., won the first major championship in the grain and seed classes of the Royal Winter fair here. His sample of hard red spring wheat was adjudged the best in the show.

An Ontario grower, Roy C. Chambers of Fenwick, showed the best wheat other than hard red, and may be Wright's chief opponent while judges decide the wheat wheat champions of the show. Other placings in the wheat classes were not announced with the division champions.

H. G. Neufeld of Codette, Sask., captured the oats championship. The championship for peas travelled to British Columbia, winner being B. Young of Koksilah, B.C.

First place in the flax division was captured by William Suchwold of Cardross, Sask., with Nelson Langry of Homewood, Man., second.

John Hamilton of Coalville, Alta., captured first place with his exhibit of field beans, other than small white, in the grain and seed judging. The Alberta department of agriculture at Brooks, Alta., won second prize in the small white beans competition.

Women As 'Plane Pilots

Not Generally A Success Opinion Of Flying Instructor

Toronto.—The average woman makes a poor plane pilot in the opinion of Ken Malt, chief instructor at the Toronto Flying Club. He admits Amelia Earhart, Ruth Nichols and Amy Molison are exceptions to the rule.

"The biggest fault of women flyers," said Malt, "is their poor judgment of speed and distance. If you don't believe this, just ask a woman to estimate the speed of a passing auto or to measure by eye the distance between herself and some object."

New Era For Farmers

Speaker Visualizes Better Days For Agriculturists

Toronto.—Canada is beginning five or ten years of the greatest progress its agricultural industry has ever seen, declared Hon. Duncan Marshall, Ontario minister of agriculture, speaking to representative farmers and stock raisers from every province, together with prominent guests from the United States and overseas, at the annual dinner of the Royal Agricultural Winter Fair.

"One-third of the wealth of Canada is in the hands of the agricultural interests of the country," said Mr. Marshall. "The men and women behind this great industry have had their hard times, they have been through the lean years of depression. But a new day is dawning for the farmer. Canada is coming into its own as one of the greatest agricultural nations of the world."

ITALY PLANNING FOOD SUPPLY TO MEET SANCTIONS

Rome.—Premier Mussolini satisfied himself that Italy can feed herself regardless of the economic siege laid down by League of Nations countries opposing his war in Ethiopia.

He approved regulations to limit certain crops whose exportation has been halted by sanctions and to grow others which formerly came from sanctioned countries. The plans affect every one of Italy's \$346,000 farms.

Details of the program were carefully withheld. The farm plans were made at a secret meeting at which three big objectives were outlined:

First, to maintain, and increase, where necessary, production of foodstuffs and fodder.

Second, to increase immediately production of certain things needed by Italian industry in the manufacture of substitutes for articles formerly imported.

Third, to limit certain products, some of which have been exported in the past, and devote the land thus released to crops for home consumption.

Geneva.—Ethiopia served notice on the League of Nations she will make no peace that would permit Italy "to reap the reward of its crime."

Answering Italy's Nov. 11 note to the powers, an Ethiopian note flatly refused to entertain any proposal for settlement of the war that might be based on territorial gains by the Fascist armies.

The protest accused Italy of unjust aggression perpetrated under the most unfair conditions, military barbarity and oppression and attempts to buy traitors for cash, and charged the invading armies have bombarded defenceless towns, killing women and children.

Italy's northern African army stiffened its defences for an anticipated counter-attack. Officers said thousands of Ethiopians were massing in southern Tigre province and that one column even was marching on Selciet, only eight miles south of Makale.

Reports of decisive Ethiopian victories—but at the cost of hundreds of casualties—reached Addis Ababa from the southern front, where Emperor Haile Selassie encouraged his defenders in person. In one engagement, south of Sasa Baneh along the River Fafan, the casualties were said to number more than 150 Italian Somali dead and wounded and more than 500 Ethiopians.

MAKE UNUSUAL MOVES ON POLITICAL CHESSBOARD

Fate was kind to one former British Labor Cabinet Minister when it allowed him to regain his seat in the House of Commons, but it dealt a totally opposite blow to his former cabinet colleague. Left is former Premier Ramsay MacDonald, who went down to defeat in the General Election, while right is the Right Hon. A. V. Alexander, former fellow cabinet minister of Ramsay MacDonald who regained the seat he lost in 1931.

A. BEVERLEY BAXTER

Canadian and former editor of the London Daily Express, who wins seat in British elections.

Alberta's Finances

New Government Is Working On The Problem

Edmonton.—Addressing the 27th annual convention of Alberta Association of Municipal Districts here, Hon. Charles Cockcroft, minister of municipal affairs, stated that the actual deficit of the province for the fiscal year ending March 31, 1936, "will be something over \$9,000,000."

By March 31, 1936, we will have an apparent deficit of \$4,500,000 but that does not include direct or agricultural relief charges," the minister explained in stating problems facing the government.

After stating the estimated deficit for the fiscal year the speaker declared: "I am giving this information so you can see something has got to be done."

The government had obtained the services of R. J. Magor to study a means of decreasing expenditures and increasing revenues without harmful effects, he continued.

"I am pleased to say that after discussing this matter with Mr. Magor we have come to the conclusion that something might be done to correct the ills in the province at the present time," the minister stated.

"It must be obvious to all we would have to increase taxes in order to balance the budget."

The first question was that of refunding debts and in this connection "our information is most encouraging," he said. "We expect to return to the province with encouraging news—encouraging not only to the government but to the cities concerned."

Regarding refunding the minister said: "The element of sanctity of contracts comes in but I am convinced in my own mind that a bond can have no greater value than the market value allows." Loans were being offered as low as one per cent, to-day, he said.

British Naval Hero

Death Comes To Lord Jellicoe In His 76th Year

London.—Lord Jellicoe, outstanding British naval figure in the Great War, died Nov. 20. Death came to the admiral in his 76th year. He was born Dec. 5, 1859. Lord Jellicoe rose to his greatest fame as commander of the grand fleet at the battle of Jutland in 1916.

The immediate cause of Lord Jellicoe's death was illness contracted Nov. 11 during the Armistice Day ceremony at the cenotaph. All the members of his family, including his wife, were at his bedside when he died in his home in the Kensington district of London.

Montreal Rioting

Exciting Time At Opening Of Election Campaign

Montreal.—Ripe tomatoes and frozen potatoes were hurled through the windows and into St. James market at the first meeting of the Quebec election campaign to be held in Montreal by Premier Taschereau.

By actual count 21 windows were smashed while 15 others were struck by the vegetables thrown by members of a crowd which formed a solid cordon around the outside of the building. Seventeen men were arrested and lodged in the cells.

Most of the missiles were fired at the beginning of the meeting during the speeches of Hon. Irene Vautrin, minister of colonization, and Premier Taschereau. While Hon. Fernand Rinfret, secretary of state, delivered his half-hour speech there was only one break. By that time the crowd outside had been largely dispersed.

A chorus of boos also coming from outside of the hall greeted many remarks of the first two speakers. Provincial police inside the hall joined municipal constables outside and cleared the market place of those who failed to give good reason for being there.

In the middle of his speech Premier Taschereau was interrupted by a particularly loud window breaking. "That's all our opponents are good for," he commented—"destruction, nothing constructive."

While there were a few catcalls from inside the hall, it was from the outside the demonstrators led the trouble. Loud-speakers carried the speeches outside the hall and choruses of "Invective," "Boos" and catcalls punctuated the oratory from within.

Even when the barrage of tomatoes and potatoes was at its height, Premier Taschereau broke into a wide smile when a woman in the audience shouted, "It's too bad we don't have the vote. We'd show those gangsters what we think of their methods."

Of the 17 arrested four were released on bail of \$10 while 13 were placed in cells over night. All were booked on charges of disturbing the peace.

TURNER VALLEY OIL FIELDS MAY BE DEVELOPED

Ottawa.—Prospects of a much more intensive development in the Turner Valley oil field in Alberta are being studied by the British American Oil Company, H. H. Bronston, controller of the company, told the tariff board.

He said his company was studying a process for the production of a third grade of commercial gasoline from Turner Valley naphtha which, if successful, might result in the closing of British America's refinery at Coutts, Alta., and withdrawal by the company from the Cutbank oil fields in Montana.

At present the company produces crude oil from its properties at Cutbank and pipes it to its refinery at Coutts to supply its customers in western Canada. Mr. Bronston said his company was now interested in Turner Valley in a small way and there was a possibility this interest might develop along lines which would make the importation of crude oil from Montana unnecessary. He declined to give details of the scheme when pressed by J. J. Frawley of the Alberta attorney-general's department.

The tariff board's hearing into an application from Saskatchewan cooperative associations for removal of the present gasoline duty continued with presentation of a brief on behalf of British American Oil. Mr. Bronston was questioned after the brief had been submitted.

Mr. Frawley asked the oil company official why his company needed the duty in-so far as its Alberta business was concerned. His reply was to outline the prospective development.

The Alberta government representative said this proposal was a complete surprise to him and the company should supply more details. At present Alberta was opposed to continuance of tariff protection on gasoline but if that province, with Saskatchewan and part of British Columbia, could be supplied with gasoline by a development at Turner Valley the province might take a different stand.

Mr. Bronston said he was willing to lay all the facts at his disposal before the tariff board and counsel for Alberta and was satisfied they would substantiate his statement. He objected, however, to disclosing them before a public hearing of the board.

METHODS USED AT STOCK FAIRS ARE DEPLORED

Toronto.—The provincial winter fair at Guelph, Ont., one of the biggest show events in Canada, was held up by George B. Rothwell, Dominion livestock commissioner, as one of the few fairs which did not ignore livestock regulations.

Mr. Rothwell appealed to the 12th annual convention of the Canadian Association of Exhibitors to "clear up a situation that in some cases assumes the dimensions of a racket." He was joined in his attack against unethical showing of cattle at fairs and exhibitions by Hon. F. C. Biggs, Ottawa, of the national livestock records.

"I could tell you the names of fairs and exhibitions in Canada that ignore regulations in regard to registration of livestock and closing dates," Mr. Rothwell said. "The only name I am going to mention is that of a fair which has an estimable record with the national livestock records at Ottawa, and that is the Guelph fair."

Mr. Biggs said thousands of animals have been led into the show rings during the last few years which had no right to be entered in the class they were in and, in some cases, should have been barred from the show. The guilty parties, he said, were not only farmers. "Some of the biggest breeders in Canada have gone wrong when they reached the fair," he said.

May Balance Budget

Special Financial Advisor Of Alberta Tackles Problem

Edmonton.—Balancing of Alberta's budget by March 31, end of the fiscal year, was envisioned by R. J. Magor, special financial adviser to the government, in his first preliminary report to Premier Aberhart.

The cash loss on this year's operations, Magor reported, will be \$9,546,310.17, the margin of expenditures over revenues.

Anticipating the obtaining of concessions from Ottawa, the decrease of expenditure and the increase of revenues, however, the financial expert said, he had brought the loss to within \$900,000 of balancing. The problem now is to wipe out this deficiency.

Refunding of Alberta's debt, close to \$200,000,000, and resultant saving of an estimated \$3,000,000 a year in interest is among the factors expected to contribute to a balanced budget. This refunding, as well as other projects to decrease the province's expenses, is one of the chief items to be put before the Dominion government at the Ottawa conference next month.

New Zealand Treaty

Negotiations With Canada To Further Trade Matters

Ottawa.—Further trade negotiations will be conducted between Canada and New Zealand shortly after New Year, Hon. W. D. Eiler, minister of trade and commerce, stated here.

"Canada is accepting New Zealand's invitation to resume trade discussions before the proposed automobile tariff changes are to be put into effect by New Zealand, and negotiations will take place soon after New Year," the minister said.

The Canada-New Zealand pact, extended from Nov. 24 to July 1, 1936, provides for extensive changes in New Zealand's duties on Canadian motor vehicles and parts. Provision is made in the extended agreement that these tariff alterations will not become operative until May 1.

Delegation From Alberta

Seven Going To Ottawa For Federal Provincial Conference

Edmonton.—Seven men will be in the Alberta delegation attending the federal-provincial conference at Ottawa, December 8, Premier Aberhart announced.

Leading the party, the premier will be accompanied by Hon. Charles Cockcroft, provincial treasurer and minister of municipal affairs; Hon. W. A. Fallow, minister of public works, railways and telephones; Hon. J. W. Huggill, attorney-general; Hon. C. C. Ross, minister of lands and forests; Hon. J. H. Brown, provincial auditor. In addition, R. J. Magor, eastern business manager who is special financial adviser to the Alberta government, will be close by as an expert. He left for the east last Friday.

GIVE THEM A CHANCE.

Last week's news carried an item that some crank had written Premier Aberhart to the effect that if the dividend was not forthcoming by Christmas it was going to be too bad for Mr. Aberhart.

While we did not support Social Credit during the recent campaign, we believe that the game should always be played fairly. Mr. Aberhart made it plain to his supporters at all times that it would require a full eighteen months before Social Credit could be put into effect and until this time has expired Mr. Aberhart's followers at least should be satisfied to wait patiently and do everything possible to help the government carry out their policies and in all fairness nothing should be done to hamper the government, provided always they are acting within their rights.

The people of Alberta declared that Mr. Aberhart and Social Credit should be given a chance.—Innisfail Province.

Judge: "Have you anything to offer the court before sentence is passed upon you?"

Prisoner: "No, yer honor, me lawyer took me last dollar."

Mother (sternly): "Young man, I want to know just how serious are your intentions toward my daughter?"

Daughter's voice (somewhat agitated): "Mamma! Mamma! He's not the one!"

Oktotoks Elks lodge has been awarded the cup for the best community work. The presentation was made recently by Grand Exalted Ruler Alex. McIntyre, who was accompanied by other grand lodge officers. In speaking of the community work done by the Elks, he said the Oktotoks lodge held one of the leading places in the organization.

A hiph of the amount of money collected by On-to-Ottawa trekkers last June in their journey across three provinces and through many towns and cities from Vancouver to Regina was given to the riot inquiry commission by Constable D. F. Taylor, R.C.M.P., who for nine days was a member of the trek. The total was \$11,000, he said.

Ironsides and Park Ltd.

Located at 313-6th St. S., in Lethbridge, is a modern dry cleaning and dyeing firm enjoying a large patronage.

Lethbridge (I.N.S.)—Many have had the discouraging experience of sending a dress, suit or coat to a dry cleaner, only to have it returned "cleaned," but unfit to wear. It may be badly shrunk or the stains still remain and new ones have appeared. Sometimes an extended airing is necessary to remove the odor of gasoline used by the average dry cleaner. This condition is easily remedied however, as expert work has caused the patronage of Ironsides and Park Ltd. to increase steadily until today they are recognized as leaders in this specialized field.

A knowledge of chemistry, years of apprenticeship, alertness and intelligence, properly combined, go to make up the requisites of an employee in a dry-cleaning establishment today, if he is to do his work with the efficiency required of him.

"Spotters," the men and women who remove the spots from garments before they undergo the general cleaning process, must be thoroughly familiar with scores of varying types of greases and oils which hold dyes of an equally varying group in suspension. Lipsticks, for instance, vary in composition, requiring different treatments to remove the stains from delicate silk garments without damage to the fabric and in no way inferior to the methods of the dry cleaner.

Their plant is so equipped that they can handle all classes of work in a most satisfactory and improved manner. No garment, article, or fabric is too difficult for them to handle.

Ironsides and Park Ltd. give prompt service.

Galt Hospital

Located in Lethbridge features a general hospital service. An outstanding institution, well known for its kindly spirit and helpfulness.

Lethbridge (I.N.S.)—There is nothing more important to the advancement and growth of a community than modern hospital service provided over by those who have specialized in the study of the afflicted. In keeping with the advancements in medical science and care the Galt Hospital is doing its share in a vocation which is so much needed to make everyone fit and healthy.

This institution has one hundred and six beds and operates throughout the year to capacity business. The finest of equipment, careful and patient nursing is provided. The premises of the Galt Hospital are commodious and excellently appointed. Private rooms are available at reasonable cost which are well furnished and pleasant. Cheerfulness and an air of hope are inspired by its interior decorations.

The fact that the medical and nursing staff associated with the Galt Hospital represents the best brains in their respective fields, thus coupled with an institution's excellent care and construction will account for the notable rapid recovery of the many patients received there yearly.

Bruno Truant, aged 13, of Natal was accidentally shot in the face when a .22 rifle discharged while he was playing with the gun in the backyard of his home. The bullet grazed his left cheek-bone and the loss of his left eye is feared.

Mr. Hughes, resident chief ranger at the Gap, left this week for his home in Edmonton. He will likely return to the Gap in the Spring. Mr. Cardinal, his assistant, with his family, has taken up residence for the winter season at Coleman.

The "disease of debt," from which Alberta is suffering, said Robert J. Major, financial advisor of the new provincial government, at Red Deer, cannot be cured by "having the government give something it cannot afford to give."

Mrs. J. Angus MacDonald and Mrs. E. Morgan, of Blairmore; and Mrs. Joseph Emerson, of Coleman, were among the many Pass folks availing of the special C.P.R. week-end fare to Calgary and return over the week end.

Skating fees set by the town council at Nanton are: family season tickets \$6.00, adults (ladies or gents) \$3.00, high school students \$2.00, children under 14 \$1.50. Individual skating: adults 25 cents, high school students 20 cents, public school students 15 cents.

The perjury charge preferred against one John Shaley, complaining that he had taken an oath that he was a citizen when challenged at the Newcastle polls on Alberta's election day, was thrown out by the judge because positive identification was lacking.

Artic Oil Sales Ltd.

With headquarters in Lethbridge, are distributors of gasoline, oil and greases, known by their high quality and general efficiency. Look for the "Star Brand" sign.

Lethbridge (I.N.S.)—With the rise of the automobile industry to first place among the industries of the nation, with automobiles the predominant means of transportation, there has arisen the business of oil refining has made itself an indispensable factor in every community.

No business is more essential and valued than gasoline and oil distributing, and we know of no better local representative than the Artic Oil Sales Ltd. With its products available at many of the prominent service stations throughout Southern Alberta, this company is serving the motorist in a most capable manner.

"Artic Oil" (a 100% cracked product) gasoline needs no coaxing to spark and no wasteful crowding to keep the engine running. Its full free vaporization is natural under all conditions, taking the scientifically proven proportion of air that means a clean, dry, all burning explosion of true economy. Its ideal starting mixture is ready for the faintest hint of the firing spark or the heaviest pulls of traffic emergency. "Penn Artic" motor oil made from Pennsylvania crude oil which is recognized as the best in the world permits smooth travel with better effect on your engine—giving maximum comfort without motor meanness or the delusive self-bribery of empty savings. "Penn Artic" is the motor oil of high quality, but the company realizes that smooth motor gearings also depend on the quality of the oil used and so their lubricating oils are graded to suit every type of motor on the road.

The products of the Artic Oil Sales Ltd. are served to the public with that distinctive courtesy which makes the stations of its agent popular.

THE SALVATION ARMY

Coleman, Alberta

Lieutenants Fitch and Pierce

Friday evening a bright and interesting meeting for young people at 7 p.m.

Services Sunday, December 1st:
Sunday school at 3 p.m.
Salvation meeting 7.00 p.m.
hearty welcome to all.

In bringing in a verdict in connection with the death of Mah Chew, a Chinaman, killed by an auto near Cranbrook, the jury recommended that legislation be enacted, compelling pedestrians when walking on the highway to face the traffic.

Not allowing Blairmore to "beat them in any way, a Coleman citizen states that "Hill Eighty" is to be established in our neighbor town. Well, if it's to be consecrated, they should ask prayerful assistance from Blairmore anyway."

Hope that Air Commodore Sir Charles Kingsford-Smith might be found alive were revived on Friday last when the S.S. Pasha wire-seeed that light beacons had been seen on a deserted island off the coast of Siam.

A. C. Raworth

Located in Lethbridge, at 303-5th St. S., conduct a jewelry store featuring a high grade stock of exceptional merit. Diamonds and diamond mountings; wrist watches in newest designs for Christmas gifts.

Lethbridge (I.N.S.)—The gift season is always with us, thus the jeweler receives his share, making possible the widest selection of presents for all occasions. An up-to-date jeweler is indispensable to every community of taste and refinement, and he whose work shows marked skill is sure of liberal patronage. The people of Southern Alberta are in no way lacking in this respect, for the generous patronage extended this firm indicates that public opinion favors him with thousands of dollars expended yearly in patronage.

A. C. Raworth carries a fine stock which includes everything necessary to conduct a modern store. Here will be found a large assortment of diamonds, watches, rings, silverware, clocks and novelty jewelry. A specialty is their diamond department—offering a wide selection of the world's finest diamonds and beautiful up-to-date mountings in beautiful up-to-date patterns, the white gold mountings being very popular. They also carry a very attractive stock of engagement and wedding rings done in exclusive patterns.

This firm does a large mail order business and strict attention is given to inquiries, orders and instructions received.

Campbell, Wilson and Horne Ltd.

Located in Lethbridge, are wholesale grocers and are distributors of "Royal Shield" brand canned fruits and vegetables; a prominent firm favorably recognized by the trade.

Lethbridge (I.N.S.)—Much has been done to aid in giving Lethbridge commercial prestige by the activities of Campbell, Wilson and Horne Ltd. The volume of business they transact, the quality of the products they feature, and the business methods of the company are responsible for the reputation they have established.

As distributors of "Royal Shield" food products and patronizing Alberta made products and industry so far as possible; keeping their goods constantly before the public has so firmly established them that merchandise of this firm's distribution will be found in the stores of the better class merchants.

The concern is strictly an independent organization, not affiliated with the chain store movement or group purchasing association. They are firm in the conviction that independent ownership and management of retail grocery firms is better by reason of the fact that it develops personal community interest between the proprietor, his customers and local industry.

They co-operate closely with the independent grocer in his merchandising problems and are able to offer the best of food products in competition with the largest monopolies.

Mrs. A. Horning, Avis and Norman, of Cowley, spent the week end visiting with friends and relatives.—Arrowood note in Bow Valley Resource.

An unusual find in gasoline has made its appearance at the Ranchmen's well on the Alderside structure. The fuel has the appearance of pure white gasoline, and has been tested out in cars.

Many wines cost more than Bright's

... But When you actually compare them you wonder why! ... no wines have a richer body or a more gracious bouquet than the smooth and mellow vintages of Canada's largest and most famous winery... and the wonder is that the price of Bright's Wines should be so low in relation to the quality ... Serve them! ... Savor them! ... and Save!

British Canadian Trust Co.

With offices in Lethbridge, is a dig-
nified and impressive institution
providing a comprehensive service
as estate executors, trustees,
agents, guardians, liquidators, as-
signees, receivers, transfer agents
and registrars of stocks.

Lethbridge (I.N.S.)—The British
Canadian Trust Co. is one of the most
prominent in its field in Alberta, a
striking example of substantial and
conservative progress. Equipped as
they are to efficiently undertake the
administration of estates such as
managing, buying, selling and ren-
taling of property, investment of
funds, etc., through a personnel of
officers with wide experience, it is ob-
vious that their service is of great
merit to individuals possessed of prop-
erty who would protect the interests
of those near and dear to them after
they have passed on.

In anticipation of this, the proper
drawing of a will is of great impor-
tance and care should be exercised that
the will is not only legally drawn but
also that every condition is carefully
considered. Having accomplished this
through the aid of competent legal
or notarial counsel the next step is
the selection of a Trust Company to
administer and supervise the distribu-
tion of the estate according to the
terms laid down therein. This is of
equal importance and cannot be
stressed too emphatically.

Familiar with the needs and de-
mands of the public by reason of their
identification with provincial-wide in-
terests in the various branches of
their work, people desirous of such
service can consult no more compe-
tent authority than the British Cana-
dian Trust Co., whose officers will be
pleased to confer with those inter-
ested at any time.

In making this review of the on-
ward progress of Lethbridge, we are
pleased to devote space to this in-
stitution for they are loyal supporters
of all movements that promote expan-
sion of both city and province.

Herbert Robert Mathewson, gen-
eral passenger agent of the Canadian
Pacific Railway, died at Winnipeg
Sunday, following an illness of nearly
two months. He was 51 years of
age.

District News

From Our Own Correspondents

COWLEY HAPPENINGS

The Cowley ladies' handicraft so-
ciety was entertained by Mrs. H. C.
Morrison at her home on Wednesday
evening.

The Oddfellows' lodge staged a
very successful dance in the Wilson
hall on Friday night. About two
hundred and fifty attended and had a
very enjoyable time.

Mrs. A. Horning and Mrs. M. A.
Murphy were week end visitors to
Calgary.

After spending several months in
northern Alberta, Milton Robinson
has returned to Cowley.

Mrs. Upton, of Bellevue, is starting
a class in piano and vocal training
here.

On the night of November the 25,
the members of the Masonic order
here celebrated the 25th anniversary
of Chincok Lodge. A banquet in hon-
or of the occasion was held, when
their families were invited to attend.
M. A. Murphy was toastmaster for
the evening. Others on the toast list
were Malcolm McMillan, who pro-

posed the toast to the ladies, replied
to by Mrs. Murphy; A. M. Denmore,
the toast to the Grand Lodge of Al-
berta, responded to by W. Betts, dis-
trict deputy grand master; Chincok
Lodge, proposed by W. R. Cochrane,
responded to by M. A. Murphy; Miss
Netta Swart, Miss Edith Murphy,
Gordon Swart and Alvin Murphy
were musicians for the evening.
Those contributing to the programme
were: W. Betts, reading; Mrs. R. Lit-
tleton, reading; G. W. Penn, humor-
ous cowboy sketch; W. R. Cochrane,
reading; Mrs. A. M. Connelly, piano
solo; J. Green, vocal solo; A. Leslie,
violin solo, and fancy stenciling by
C. McKerral. The hall was cleared
and a lively dance kept up for a
couple of hours. Among those present
were: Mr. and Mrs. O. N. As-
ker, Mrs. Asker, sr. and Miss Malsie,
Mrs. Shearer, Mr. and Mrs. Littleton,
Mr. and Mrs. A. G. Swart, Miss Netta
and Gordon Swart, Mr. and Mrs. M.
A. Murphy, Misses Edith and Sylvia
and Mr. Alvin Murphy, Mr. and Mrs.
J. Welsh, Harry Welsh, Miss Muriel
Marlow, Mr. and Mrs. Denmore, J.
Strome, G. W. Penn, Mr. and Mrs. C.
H. Mundie, Mr. and Mrs. C. Swanson,
Evan Evans, Mr. and Mrs. W. E. Ben-
nett, Mr. and Mrs. A. M. Connelly,
W. D. Smith, Mr. and Mrs. Jack
Green, Mr. and Mrs. W. R. Cochrane,
Neil Nicholson, Sandy Leslie, Mr. and
Mrs. M. McMillan and Norman, Mr.
and Mrs. H. Gunn and Miss Mollie,
Mr. and Mrs. Charles McKerral, Mr.
and Mrs. Rhodes and Ross, Mr. and
Mrs. A. Betts, Sandy Thompson, Mrs. G.
Porter and Miss Phyllis, Mr. and
Mrs. H. Lancaster, W. Betts and
others.

HILLCREST HAPPENINGS

Mrs. M. B. Walker was a Calgary
visitor over the week end.

A wedding of local interest took
place in Whitefish, Montana, last
week, when Miss Muriel Goodwin,
of Bellevue, and Mr. Gabe D'Amico,
of Hillcrest, were the contracting par-
ties. The young couple will make
their home in Bellevue.

Mrs. L. Rose was visiting in Cal-
gary last week end, at the home of
Mrs. Redfern.

Mrs. F. White is visiting friends
at Coleman.

James Marshall, who is studying
music in Calgary, returned home on
Tuesday for a short holiday.

Ruth McDade was hostess at her
birthday celebration on Saturday
afternoon.

A son was born to Mr. and Mrs.
P. Mathus on Saturday.

Mrs. A. Douglas is visiting in Leth-
bridge, guest of Mrs. Lothian.

A group of rebels at Hidalgo, Jalisco, Mexico, attacked two sisters
teaching school and cut off their ears,
mutilating the father of the girls in
a similar fashion.

BELLEVUE HAPPENINGS

Mr. and Mrs. Boutry are Nelson
visitors.

Bernie Brooks left last week on an
extended trip to California.

Mrs. J. R. McDonald, of Edmonton,
arrived last week to spend the winter
months at the home of Mrs. J. D.
McDonald.

A nicely arranged miscellaneous
shower was held at the home of Mrs.
W. Prescott, in honor of a bride-elect
of the month, Miss Barbara Turner.

The early part of the evening was
spent at whist, after which a dainty
luncheon was served. The hostesses

of the evening, Mrs. T. Smith and
Mrs. E. Litherland, then presented
Miss Turner with three well-filled
baskets of gifts. Miss Turner thank-
ed her many friends for their kind-
ness.

Mr. and Mrs. G. D'Amico (former-
ly Miss Muriel Goodwin) arrived in
town on Monday evening.

Mr. and Mrs. Wm. Hampson are
rejoicing upon the birth of a son.

Mr. and Mrs. James Cousens and
Ruby motored to Calgary on Wed-
nesday, returning Sunday evening.

Mrs. Wm. Goodwin, of Coleman,
was a visitor here on Wednesday.

Bill Cole was a business visitor to
Calgary last week.

The following Bellevue people were
week-end visitors to Calgary: Mrs.
F. Uley, Mrs. W. Goodwin, Mrs. B.
Snyder, Miss Frances Costick, Miss
Irene Ward and Mr. Stanley Goodwin.

The parish hall was the scene of a
nicely arranged miscellaneous show-
er on Tuesday evening, honoring Mr.
Andrew Charlesworth (nee Miss Besse-
lie Sterba). The first part of the
evening was devoted to whist, with
Mrs. Elias Fisher taking first prize,
and Mrs. Don. McDonald second.

After supper, games were played,
with Miss Irene Ward carrying off
the prize for the "amateur hour"
contest. Little Lorne McDonald then
pulled in a wagon loaded with gifts,
which were presented to the bride,
who in her pleasing manner expressed
thanks for the kind wishes of her
many friends.

A world famous professor, King
Gordon, son of the well known novel-
ist, Ralph Connor, states that the
flapper age is over. Well, that's the
greatest and most consoling news of
the age.

As a result of action by the Innis-
fail board of trade, fifty rolls of
snow fencing were purchased by pub-
lic subscription to be erected at var-
ious points between that town and
Raven and about fifteen miles east.

WORLD HAPPENINGS BRIEFLY TOLD

The Irish Free State formally accepted the British invitation to attend an international naval conference in December.

The Queen Mary, giant new voyage liner, will begin her maiden voyage from the Clyde to Southampton on March 23.

King Ibn Saud and his government were determined Arabia should observe strict neutrality in the Italo-Ethiopian war. The country has refused to export camels and sheep to Italy despite the high prices offered. The Nobel committee decided that no peace prize should be awarded for 1935. This year United States Secretary of State Cordell Hull was widely mentioned for the prize, as was Emperor Haile Selassie of Ethiopia.

A dust storm—bugaboo last spring of the southwestern grain lands—was reported recently at Liberal and Elkhart in southwest Kansas and in parts of the Oklahoma and Texas Panhandles. Dust clouds floated high over Dodge City.

Depression has brought at least one benefit, a remarkable growth of literature, believes Dr. G. H. Schofield, New Zealand parliamentary librarian. He said in Winnipeg it had been one of the greatest blessings of the past few years.

Lieut.-Col. R. J. Birdwhistle, secretary of the Dominion of Canada Rifle Association, announced Baron Tweedsmuir had accepted the office of patron of the association during his term of office as governor-general.

Dr. Hermann Gortz, a German, was arrested at Hawick, England, authorities announced, charged under the Official Secrets Act. The Official Secrets Act is applied in cases where a leakage of secret information is suspected.

Old Spinning Wheel

In Perfect Condition Still Turns Out Good Homespun Cloth

In perfect condition and still able to turn out as good a quality of homespun cloth as the day it was built a spinning wheel more than 100 years old is in the possession of Mrs. Joseph Porter of Sydney, N.B.

Of small design the wheel carries the Scotch manufacturer's name as "Alex MacIntosh, built in 1818." Mrs. Porter has used it continuously for 25 years. Previous to her ownership it was used by her aunt, Miss Catherine McPhee at Grand Mira, who used it from 1875 to 1910. The wheel is stated to be good and light as well as strong and fast and the present owner could not be induced to part with it any price.

Gold Production

In the first eight months of this year Canada's gold production amounted to 2,007 ounces while the output in August set a new high monthly record when 294,361 ounces were produced. During September Manitoba and Saskatchewan mines accounted for an output of 13,583 ounces.

It is expected that 120 athletes will represent the Dominion of Canada at the Olympic games in Berlin, August 1 to 16, 1936.

A few drops of kerosene added to water makes an excellent wash for windows, mirrors and picture glass.

City Built In Three Months

Turkish Dictator Wants His People To Lead Outdoor Lives

"Build a city by the sea, near Istanbul, where the masses may go and enjoy themselves. It must be finished within three months. It must have a hotel, a casino, a bathing beach. It must have all other attractions of a first-class watering place. It must be a national playground for the people."

Turkey's dictator, Kamel Ataturk, formerly Mustafa Kemal, gave these orders to the mayor of Istanbul. The mayor put 8,000 men on the job. Within three months to a day the seaside city sprang up.

The place is called Floria. It is on the European side of the Sea of Marmara, about 30 miles from Istanbul. It is the Turkish version of Monte Carlo, minus the gambling. The first one to plunge into the sea at the resort was Kemal, as an example. He wants to free the people from centuries of traditions, from latticed windows and harems. He wants them to lead outdoor lives, like Americans and Europeans.

Gold Production In B.C.

Is Expected To Reach Value Of \$4,000,000 For Year

British Columbia metals and minerals have added \$17,000,000 to the annual value of production in the last three years, are expected to exceed \$45,000,000 this year, compared with little more than \$28,000,000 in 1932, or a gain of some 62 per cent.

This is conceded by British Columbia mines officials, who added \$1,000,000 to all previous estimates, due to record gold recoveries in the first nine months of the current year.

British Columbia gold production is now running at the rate of \$1,000,000 a month, with not less than \$12,000,000 in Canadian funds as the expected total for the year.

That compares with gold production which brought producers on B.C. properties, but \$3,250,000 in 1929, and marks the greatest single change in the mining industry within the province.

Londoners Had Thrill

Subway Housed Live Cows Used In Milk Campaign

A living cow calf in an underground station is a new thing even in the metropolis of London where anything may happen without causing undue excitement. People arriving at Victoria Cross subway station recently received a thrill when they came face to face with two Jersey cows. It was no optical illusion. The cows were there, beyond a doubt, stabled in the entrance hall as snugly as if they were in the country.

The cows were "put up" for a season of three weeks, to act as living caferias for the milk marketing boards "drink more milk" campaign. Their milk, cooled and tested, was being sold by four neat and attractive milkmaids, over a milk bar, at fourpence a glass, either flavored or in its natural state.

Divinity Fudge

No Trouble To Make It This Easy

3 1/2 cups granulated sugar
1/2 cup "Crown Brand" Corn Syrup
1/2 cup water
1/2 teaspoon salt
2 egg whites
1 1/2 cups chopped walnuts
1 teaspoon vanilla

Method: Cook the sugar, "Crown Brand" Corn Syrup, water and salt to soft ball stage (238 F. degrees). Take out 1/2 cup of this syrup and cook the remainder to the hard ball or brittle stage. Stir the two egg whites and gradually pour over them the first half cup of syrup, beating constantly. Then, add the remainder of the syrup; add the nuts and vanilla, and continue beating until thick and creamy. Pour on buttered sheet and cut before it hardens.

Knew From Experience

The teacher had asked her class to write a short composition on the subject "Water."

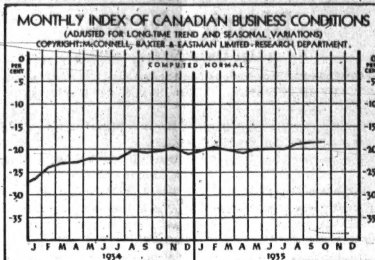

One member seemed to be having difficulty, but finally he turned in his paper, and here is what he wrote:

"Water is a light-colored, wet liquid which turns dark when you wash in it."

An incubator constructed in Russia for hatching eggs of rare birds imitates the natural process by heating the eggs on top more than on the bottom and allowing them to cool occasionally.

In old Italian paintings of the Madonna there is sometimes detected a tiny hole in the face explained by the fact that the artist pivoted his compass there in swinging the circle for the halo.

BUSINESS IN CANADA

Business in Canada during the month of October showed a fractional gain over the month previous according to the McConnell, Baxter & Eastman monthly index. The preliminary figure was 18.5 per cent. below normal. Revised index for the previous month showed conditions at 18.8 per cent. below normal. A year ago conditions were 21.1 per cent. under par.

Gains were recorded by two fac-

Vimy Pilgrimage

Thousands Of Applications Have Been Pouring In

This is class-reunion time throughout the length and breadth of Canada. The class of 1914-1918 is meeting in Legion halls, at battalion banquets and church parades, and the lengthening shadows of winter nights cause men of 40 to 45 to reminisce over the days of Ypres, Vimy, Arras and Mons.

When they get on the lighter side of things, as these men are wont to do, they always speak with lasting affection of the Dumbells, and that naturally brings up the name of Ben Allen, and then follows the thought of the Vimy Pilgrimage of the Canadian Legion of the British Empire Service League, which takes place in July of next year.

So your reporter, who is of the class of 1914-1918, called on Captain Ben W. Allen, in his dugout on Sparks Street, Ottawa, and found Ben up to his ears in executive work. "This Pilgrimage," says Captain Allen, "is going to be the Pilgrimage of Pilgrimages. Up to Monday, November 17th, over 2,400 applications with first payment made have been received and approved here at headquarters. The Canadian Pacific Company and the Cunard White Star Line state that this advance registration is the largest in the history of shipping in Canada. Our Pilgrimage headquarters in France has already made advance billings accommodation for five thousand people."

"This Pilgrimage is of great spiritual significance," said Captain Allen. "But even with the solemnity of the occasion, there will be great fun to be had by all. I note in our applications quite a lot of professional and amateur talent looking passage, so we will have some grand concerts both going over and coming back."

Our leading spiritual adviser is of course Canon Selwyn, who is in the Pilgrimage. In addition to the unveiling of the Canadian War Memorial at Vimy, the Pilgrimage will participate at an impressive ceremony at the cenotaph in London. Many thousands of ex-C.E.P. men will go from the Old Country for the ceremony at Vimy Ridge, and arrangements are now being concluded by the British Broadcasting Company for an Empire broadcast of the service."

"Our great fear at present is that unless advance bookings are made, many thousands of ex-service men and their relatives who may wish to go will find that we have not sufficient accommodation if they withhold their applications too long."

Giant Globe In Moscow

Shows In Relief Many Features In Various Countries

A giant revolving globe, fifteen feet in diameter, is being erected by the Atlas Institute in the Central Park of Culture and Rest at Moscow. It will show, in relief, all the frontiers, railways, waterways and airways of the various countries. The globe will be illuminated inside by means of electric lamps and from the outside by projectors. It will revolve slowly on its axis, making six revolutions an hour.

SUNDAY SCHOOL LESSON DECEMBER 1

ESRA'S MISSION TO JERUSALEM

Golden text: The hand of our God is upon all them that seek him, for good. Ezra 8:22.

Lesson: Ezra 7:1 to 8:36.

Devotional reading: Psalm 63:1-8.

Explanations And Comments

Ezra comes to Jerusalem, Ezra 7:6-10. Ezra was a learned priest and scribe among the exiles in Babylon. As a "ready scribe in the law of Moses" he not only studied the law but copied it and interpreted it. He sought permission of Artaxerxes, the Persian king, to lead to Jerusalem a large company of exiles. His request was readily granted, thanks to the favor of the Eternal his God (Moffatt's translation). With the company were priests, scribes and singers for the temple service, porters to keep the temple gates (1 Ch. 9:17), and Nehemiah, attendants for the temple (1 Ch. 2:2). They left Babylon the first day of the first month (Nisan), corresponding to March-April of the seventh year of King Artaxerxes' reign, and reached Jerusalem on the first day of the fifth month (Ab, corresponding to July-August), after a journey of nearly four months.

Ezra had set his heart upon teaching in Israel the statutes and ordinances. As for himself, he had set his heart upon seeking to know the law of Jehovah, and what is more, of doing it.

Between the knowing what should be done and the doing of it there is, alas! too often a gulf never bridged. In the words of Horace Bushnell, "Do the good you meditate, or if you never find the time for doing it, have the frankness to confess that your good intentions are hollow and worthless."

Letter of Artaxerxes, King of Persia, with its instructions about Nehemiah Levite, Ezra 7:11-28. Artaxerxes not only granted Ezra's request, but he gave him much gold and silver for the temple, and also a letter in which he directed his officers in Judea to do whatever Ezra might ask. "Blessed be Jehovah, God of our fathers," exclaimed Ezra, "who hath put such a thing as this in the king's heart, to beautify the house of Jehovah; and hath extended his lovingkindness to me."

Gifts for the Temple Weighed, Ezra 8:24-30. The treasurer of gold and silver and sacred vessels which the king and counselors and the Israelites had given for the temple. Ezra had weighed and counted and given into the charge of 12 priests and 10 Levites, making them responsible for their safe-keeping until the treasure could be again weighed and counted when delivered to the chambers of the temple—the store rooms around the outer walls of the court of the temple.

On the Way to Jerusalem and the Arrival, Ezra 8:31-36. The river Euphrates was left on the twelfth of the first month, and Jerusalem was reached on the first day of the fifth month. God delivered them "from the hand of the enemy and the lie-

STOP BEING A BURDEN to yourself

Stop being nervous, irritable, weak, run-down. Take PHOSFERINE. Just a few tiny drops each will make a world of difference in you. From the first your nerves will be soothed. Sleep will come naturally. You'll wake refreshed and energy-filled. Start taking PHOSFERINE now.

In-wait for the way." After resting three days, the treasure was weighed in the temple, and burnt-offerings were offered.

Reception Is Perfect

Russian Boy Has Made World's Smallest Radio Set

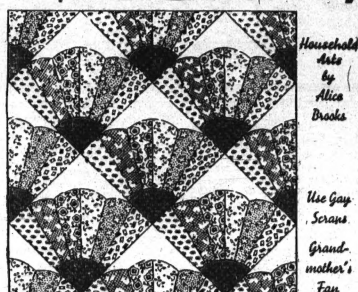

What is claimed to be the smallest radio receiving set in the world has been constructed by Grisha Grunberg, a 17-year-old inventor of Voenets, Russia. It is two-fifths of an inch high, three-tenths of an inch in diameter, and weighs one-twentieth of an ounce. The reception is said to be perfect.

Shoe manufacturing was introduced into America in 1829 by Thomas Bearg, who brought hides over on the Mayflower.

ARE YOU WEAK?

Mrs. W. Bowman of 10 Wheeler Ave., Guelph, Ont., said: "I had lost weight through poor sleep, I had backaches and headaches and felt tired and weak. Dr. Pierce's Golden Medical Discovery and was soon enjoying splendid health." BOTTLED IN GUELPH, CANADA. Write to Dr. J. C. Rife, Guelph, N. Y., for free medical advice.

A Popular Quilt Because It's Easy

PATTERN 5009

"Grandmother's Fan"—the very name suggests romance and olden times. This quilt design, from the quiltmaker of long ago—has all the charm the name calls to mind. It's made of scraps—oh, lots of them—each fan a more colorful block than the last. Your quilt will be as economical as it is beautiful, for odds and ends of left-over materials from your favorite dresses are all you'll need.

In pattern 5009 you will find the Block Chart, an illustration for cutting, sewing and finishing, together with yardage chart, diagram of quilt to help arrange the blocks for single and double bed size, and a diagram of block which serves as a guide for placing the patches and suggests contrasting materials.

To obtain this pattern send 20 cents in stamps or coin (cash preferred) to Household Arts Dept., Winnipeg News-Printer Union, 175 McDermott Ave. E., Winnipeg.

There is no Alice Brooks pattern book published

Don't Guess But Know

Whether the "Pain" Remedy You Use is SAFE?

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

THE person to ask whether the preparation you or your family are taking for the relief of headaches is SAFE to use regularly is your family doctor. Ask him particularly about "ASPIRIN."

He will tell you that before the discovery of "Aspirin" most "pain" remedies were advised against by physicians as bad for the stomach and, often, for the heart. Which is food for thought if you seek quick, safe relief.

Scientists rate "Aspirin" among the fastest methods yet discovered for the relief of headaches and the pains of rheumatism, neuritis and neuralgia. And the experience of millions of users has proved it safe for the average person to use regularly. In your own interest remember this:

"Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited. Look for the name Bayer in the form of a cross on every tablet.

Demand and Get "ASPIRIN"

MISS ALADDIN

By Christine Whiting Parmenter
Author of "The Unknown Power to Cross" and "The Unknown Power, Etc."

CHAPTER XXIV.—Continued

The girl spoke softly, her lips showing for a moment; but to her surprise Jack answered in all seriousness: "After what you did during the blizzard? You know better, sis. But Matt's different from some boys, and I wouldn't like to think you'd hurt him."

Said Nancy, endeavoring to make her voice sound light: "You talk like Aunt Judy! She imagines that every boy who looks my way has lost his heart!"

"Well," observed Jack, "most any one would think that Matt had; but I never saw him act so happy and keyed up as he did this evening—and last night too. Say! will you ever forget how excited Mr. Adam was over your finding that crucifix? I think they're the funniest family I ever knew. Nance, so enthusiastic, all of 'em. Do you suppose Dad'll tell me to come back next winter? With Mark in California studying forestry they'll be short of help here at the ranch; and gee! I'd like it more'n anything!"

"I'll say a good word for you," promised his sister; and then: "Get back to bed, Jack. We must be up in good season, and it's long past midnight."

Despite her wakefulness, Nancy was up early next morning, though not so early as Matthew Adam, who had, according to Aurora, delivered milk at the Tubbs abode before she was out of bed.

"He spoke through the window," she related, "and almost frightened Victor into a collapse. He said I was to tell Jack to be ready to ride down on the truck along with the trunks, and Mark and Luke and John (young John, I mean) and Mary Taylor and Jasania. I told him it would look like a straw ride, but he said, 'Who

ROUGH HANDS? NO!

Hinds restores smoothness which soap and water tanks steal away from your hands

HINDS
Cream
HINDS
CREAM

care?" I'll have to admit that for a fellow, who's sweet on a girl that's got two thousand miles away where he'll likely never lay eyes on her again, Matthew Adam looked pretty well resigned. And not more than three days ago he resembled a man just coming from the cemetery after burying his last relation. He's to drive the Ford with his father and mother and Miss Columbine and you, Nancy. I declare, if I wasn't quite so feisty I'd squeeze in between on the front seat and go too."

"Why not go down on the truck?" suggested Miss Columbine, emerging from her bedroom.

"Among all those trunks and young folks and milk cans?" retorted the good woman. "No thank you, Miss Columbine. I have my pride, and there's the house clean!" to do even if you are going home with Eve Adam over Sunday. I must say it was real considerate of Eve to ask you, for this house'll seem about as cheerful as the tomb till we get used to it. Well! (she sighed mournfully), "the last breakfast is ready, and you'd better eat it if you've any appetite, which I haven't myself. A cup of coffee and four doughnuts was all I could get down this mornin'. I've took the liberty of inviting Victor Tubbs to dinner. Miss Columbine, I need food, and goodness knows I couldn't eat a bite if I was to be here alone."

The truck was gone at last, leaving Aurora flattered and rosy at Jack's farewell kiss.

"It's just as well," she said, waving her apron to a last salute, "that Victor wasn't here to see. He's still jealous. Nancy, after more than 20 years of married life, and though Jack didn't mean nothin' in the world by kissin' me good-bye, Victor Tubbs might have minded that."

"Which proves that there's no fool like an old fool," declared Miss Columbine tartly. "Here comes the Ford, Aurora. I'd rather have Mark Adam drive us down the pass, but no doubt Matthew will be careful with his load of old folks. Where are you going, Nancy? I thought everything had been brought down."

"I must have one last look at the view from my tower," the girl responded, laughing; but once in the familiar room she tied to a carefully closed closet and drew forth something she had hidden.

"Will you send Matt up to get my suitcase, Aurora?" she called with charming innocence from the head of the steep stairs. "Those stupid boys have overdone it."

The last ride down the historic pass was over. The station came into view, with an impatient "delegation," as Jack called it, on the platform. All too soon a gleaming engine roared past the waiting crowd, and slowly stopped; while, dazed and breathless, Nance found herself mounting steps into the Pullman, a dusky porter smiling with luggage leading on, and Jack waving, stopping to call something to somebody.

"Section eight. This way, lady." From her window Nance looked out upon a sort of composite picture of that friendly gathering. Then, as the wheels turned, she caught the glimpse her eyes were seeking: Cousin Columbine in her scarlet midday, with Matt close by, bareheaded as she had seen him first—his hand slipped through the old lady's arm protectively.

Dear Matt! She'd forgotten to tell him to look out for Cousin Columbine, but he knew. Something tightened in Nancy's throat. The landscape blurred. Then Jack was saying:

"Thank heaven that's over! I never felt so so-conscious in my life. Did you kiss every member of the Adam family? I donno but I did! I'm sure I kissed Juanita Tubbs—by mistake, of course. And I believe I must have kissed Cousin Columbine three times! Isn't she the dandiest old sport, Nance? Kept a stiff upper lip right to the last minute, but I miss my guess if she didn't want to bawl. Made me feel bad just to look at her. But some one will understand and cheer her up, sis. Of course somebody will!"

Jack was right. As the wheels moved faster and Miss Columbine's steady lip began to tremble, a firm young hand dropped her, back from the crowd that still stared, stupidly, it seemed, at the departing train.

"Listen," said Matthew. "I-listen, Miss Columbine. It's not quite so awful as it seems. I'm going to go. I promised not to tell even Mother. I'll tell Nancy got home and could tell hers; but she left a note for you in—in case you seemed too lonely; and anyway, I'll probably explode if I don't tell some one, so—so you see."

This was the old, shy Matthew, hesitating as if there were no words with which to say this thing; but as she glanced up, puzzled, Columbine Nelson surprised a light upon his face that startled her.

"What are you trying to tell me,

4 to 5 TIMES More Quickly Digested than Cod Liver Oil

Tired, jaded appetites need the stimulation of Cod Liver Oil. Scott's Emulsion helps give you a healthy, normal appetite PLUS added digestibility and vitality because it is a emulsified Cod Liver Oil in a solution of bone-building Hypophosphites of Lime and Soda. PLUS VALUES you get only in Scott's Emulsion.

SCOTT'S EMULSION

THE DIGESTIBLE COD LIVER OIL WITH THE PLUS VALUES FOR SALE BY YOUR DRUGGIST

Matthew Adam?" she demanded brusquely. "Stop stumbling over your words like that. I'm not a stranger. Don't keep me on tenter hooks a minute longer or I'll do the exploding. What are you trying to say?"

And at the reappearance of her own brisk self, Matt laughed, while in the face and eyes of an astonished baggage-man, he caught the oddity-attired lady in a bear-like hug.

"Only that Nance is coming back," he told her joyously. "And—and next time, Miss Columbine, she'll come—to stay!"

The End.

A NEW SERIAL STORY

Arrangements have been completed for presenting to our readers a new serial entitled "Fleming's Folly," by that well-known writer, Lawrence A. Keating. This is an absorbing and exciting story of the great plains, and those who follow the installments as they appear each week, will be thrilled by the intense situations. This story will be commenced in an early issue. Be sure that you do not miss the opening chapters.

IN NEXT ISSUE

New Death Ray

Designed To Use Against Insect Pests, Could Kill Human Belongs
A "death ray" designed for use against insect pests but conceivably capable of being amplified to kill human beings was described at Baltimore to 150 scientists.

At the meeting of the eastern branch of the American Association of Economic Entomologists, Dr. Thomas J. Headlee, professor of entomology at Rutgers University, explained that "sterilization" of insects by "radio waves" requires no more than a "couple of seconds." Animals, he said, develop heat more rapidly than do plants, so it is possible to kill insects by the use of the plant develops sufficient heat to harm itself.

His apparatus consists of an electrostatic field confined by two electrodes; by rapid oscillation of an 8,000-volt energy between the electrodes, he has killed insects. The electrodes change from positive to negative at a rate of 50,000,000 times a minute, Dr. Headlee said.

Substitutes For Food

People In Hungary Are Buying Foxes And Crows

At the market at Keesemet (Hungary) crows are on sale, where they are fetching as much as three cents each. They are bought by the poor who make them into a form of "chicken broth." Foxes are also being sold by the farmers at a shilling a head. Never since the war have the inhabitants of this wealthy district been forced by hard times to resort to such substitutes for food.

DOCTORING YOUR DAIRY HERD

Cows aren't machines. They can get sick or hurt. But Minard's Liniment makes it easy to care for their ills. Mrs. Thos. Bulmer of Lardo, B.C., found one of her herd with a lump in her udder. "I rubbed it with Minard's Liniment," she says, "and it soon got better."

Minard's is best for Cuts, Bruises, Colic, Distemper, etc., and equally good in stable or in house. Well named "King of Pains."

Egypt Will Be Guarded

Britain Will Defend Country Against Any Foreign Attack

Having confidence in the League of Nations to enforce the rights of small nations, Egypt demanded independence from Britain and the removal of British troops from the Nile valley. This she has had for the last 16 years.

However, Egypt did not realize at the time, that her territory will always be coveted, as a key position for any country aiming at naval supremacy in the Mediterranean, African colonies, or mid-Eastern interests. The Suez canal is partly responsible for this. But Napoleon considered Egypt the corner stone of his empire, when he dreamed of Eastern conquests, and that was 60 years before the canal was built.

Now an Italian force numbering over 30,000 is on the Libyan border and a vast army is near the Sudan frontier. Egypt would have good reason to worry were it not for the clause in the treaty of 1922, by which Great Britain made herself guardian of Egypt against foreign aggression.

Facts speak plainer than facts and the Egyptians realize that the day is passed when a small nation can exist without the fear of aggression from great powers.

Signor Mussolini is quite candid in telling the world, they want Abyssinia for their surplus population and trade in raw materials. The most violently Anglophobe Egyptian cannot accuse Britain in exploiting the country, along these lines as there has never been any British colonization of Egypt and British firms compete on equal footing with concessions.

The present state of affairs has brought the Egyptians and British together, and they see their interests are mutual.

Swedish Economy Program

Request \$2,500,000 For Expansion Of Electrified Railroad System

The Swedish State Railways Administration Board has requested \$2,500,000 from the government for the next fiscal year, of which some 10,000,000 kronor (about \$2,500,000) will be used to expand its electrified railroad system. Construction will cover 15,000,000 kronor to trunk lines and electrification of "minor roads" and spurs. All main lines on which such traffic is economically feasible already have been changed from steam.

The beginning of 1935 electrified government lines totalled 1,331 miles. The expansion program calls for further electrification of 679 miles, of which 220 miles will be completed during 1935. The main reasons for this program have been economy in cost of operation, present cheapness of money and material, relief of unemployment and a greater independence from imported coal.

Electrification of Sweden's principal railroad line, 383 miles from Stockholm to Malmo, in the south, was completed October 1, 1935. Work on the 285-mile line from Stockholm to Gothenburg, on the west coast, was started in 1923 and completed in 1928 at a cost of 44,000,000 kronor.

Part of the line that runs north from Stockholm toward Lapland has been electrified. The new power will be installed only as far as Ånge, where the north and south lines strike an east and west line that crosses the Scandinavian peninsula from Sundsvall, in Sweden, to Trondheim, in Norway. After that will come completion of the west coast line from Malmo to Gothenburg, and this work may later be extended as far as Oslo, the capital of Norway.

Pedigree Registrations

For the first ten months of 1935, the total number of pedigree registrations with the Canadian National Live Stock Records, Ottawa, approved by the Dominion Minister of agriculture, was 44,600,000. Included in the 1935 registrations are 2,904 horses, 28,285 cattle, 6,847 sheep, 5,724 swine, and 1,213 poultry.

High Grade Barley

About 50,000 bushels of high grade barley have been placed in storage at Calgary by a malting company. Another million bushels is now being collected. Much of the present storage stock has been secured from growers who utilized special seed put out by the company in the spring.

Of the total of 314,158 farms in Western Canada, 232,981 or 71 per cent, keep 1,310,038 head of milch cows.

Squirrels use their tails for parachutes in long jumps.

Phenomenal Doll Sales

Publicity Was Large Factor In The Success Of These Toys

Dolls have been the outstanding best sellers in the toy sections of departmental stores in the United States this year, according to national survey reports of toy world. Shirley Temple dolls, Dionne quintuplets and fairy princess dolls, the latter prompted by Colleen Moore's fairy doll house now touring the country, have won first place in over-the-counter sales.

Needless to say, the newspaper, movie and magazine publicity has been a big factor in the success of these toys. As a result of this year's phenomenal doll sales, the stores also report a fine demand for doll clothes and accessories.

Velocipedes and bicycles held a firm place during the summer months and are expected to maintain a strong position with Santa Claus this Christmas.

The four best selling games of the past month, according to the survey, were "Monopoly," "Finance," "Bandied Parachutes" and "Badminton," all made by different manufacturers.

Old Chief Enters Movies

Aged Indian Dresses In Ceremonial Costume And Dances Sun Dance

Chief David, 109-year-old Saanich Indian of Vancouver Island, danced his way into the movies recently. When cameramen making a picture there inquired for someone who could interpret the ancient sun dance of the tribe, this grizzled old chief put on his ceremonial headdress and granted his readiness to begin.

He went through the difficult movements of the dance without faltering. Then he told about his boyhood—how he had watched his tribesmen attack old Fort Victoria back in 1843.

Japan Looking For Tourists

Plans To Spend Large Sum On Advertising Campaign

Japan plans to attract more foreign tourists to the country. The Bureau of Tourist Industry in Tokio intends to spend nearly \$300,000 on an extensive advertising campaign in the next fiscal year. Offices will be established in Chicago, Paris and Shanghai. Publicity films will be circulated and advertisements placed in newspapers and magazines throughout the world.

Reduction For Families

Family season tickets for air travel in Europe are now being issued by aviation companies. Tickets are valid for either four months or a year. A family consisting of a man, his wife and two children under 21 may obtain marked reductions in fares.

One Chinese army compels its soldiers to be thrifty. Ten per cent of the sale pay must be saved monthly, and none is exempt.

The Australian government will send a trade delegation to India.

Little Helps For This Week

For I reckon the sufferings of this present time are not worthy to be compared with the glory that shall be revealed in us. Romans 8:18.

Believest thou in eternal things? Thou knowest in thy inmost heart. Thou art not cloy, thy soul hath wings.

And what thou seest is but part. Every contradiction of our will, every little ailment, every petty disappointment, will if we take it patiently become a blessing. So, walking on earth we may be in heaven; the ill-temper of others, the slights of the world, the daily accidents with which God hath mercifully strewn our path, instead of ruffling or disturbing our peace may cause His peace to be shed abroad in our hearts abundantly.

International Language

Weather Men Adopt Program Unifying Means Of Exchanging Reports

An international language for the weather, made up of signs and figures instead of words, so as to avoid the confusion of varied national languages, is to become uniform for the world's weather man. W. R. Gregg, chief of the United States Weather Bureau, asserted recently.

Returning from Warsaw, he reported that the International Meteorological Organization at its eighth meeting there, with representatives of 42 countries, adopted a program for unification of codes, symbols and units in the exchange of weather reports.

The maps on which daily weather forecasts are based will look alike the world over. A black dot will mean light rain or drizzle, a star will mean light snow, and a plain circle will mean clear, cloudless skies on every weather map, whether the observers supplying data for it speak English, French, Russian, Chinese, Arabic or any other language.

Accepts New Office

Lady Tweedmuir, wife of the Governor-General, has accepted the office of Grand Patroness of the Canadian National Poppy Campaign. In so doing Her Excellency follows the precedents of the Countess of Beasborough and Lady Willington.

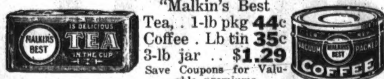

Lighthouses are built round to prevent less surface resistance to waves and wind.

Instant Relief From ITCHING

Are you tormented with the itching tortures of eruptions, eczema, scales, rash, or skin afflictions? For quick and happy relief use pure, cooling, astringent, liquid D. D. D. Prescription. Its gentle colloidal solution of salicylic acid, soothing and soothing itself to heal the disorder. No fumes—no pain. Clear, graceful and stainless. It is the most intense itching instantly. A 5¢ trial bottle, at drug stores, will prove it—no need to ask. D. D. D. Prescription is made by the owners of ITALIAN BALM.

As we go to press we are informed that Alex. Cornett, well known and popular citizen of Coleman, passed away last night, following injuries sustained when kicked by a horse.

Rev. Dr. Jonathan Goforth, Toronto's blind Presbyterian minister, affirms that it is an "insult" for women to be found in churches singing the praise of God with makeup on.

However, if the blind brother could see some women's morning faces, he would urge more paint—not less. There is one encouraging thing about the situation—the women often keep the churches going—paint or no paint—criticism or no criticism—when the men are conspicuous by their absence.—Ex. The foregoing is particularly applicable to Blairmore.

Local and General Items

The Editor will be pleased to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, etc. Phone items in to 11 or hand them in at The Enterprise office no later than Wednesday evenings.

Macleod Oddfellows recently dedicated their new banquet hall.
Potatoes at Creston have been quoted at as high as \$40 a ton.

We overheard a Jew remark a few days ago that Alberta was now a fit country to live in.

The case of the Crown versus Fitzpatrick is slated to be heard at Macleod on December 2nd, Monday next.

Jenkins' Groceries Limited have sold their grocery business at Vulcan to J. B. Morley.

The recent coal inquiry conducted by Sir Montague Barlow cost the Province of Alberta another \$10,000.

The Liberals were sustained in Quebec on Monday by a mere majority of six seats.

MURPHY—Born, at Cowley, on Monday, November the 8th, to Mr. and Mrs. Murphy, a son. [Note—This happened twenty years ago.]

It requires approximately eighty-four pounds of fresh salmon to produce forty-eight one pound tins of the canned fish.

J. H. Blackmore, Raymond school teacher, has been named Social Credit group leader in the House of Commons at Ottawa.

Local Elks are busy laying plans for their 12th annual New Year dance-frolic. Watch for particulars of this annual fun festival.

Jim Harrison and Fred Palmer, of Claresholm, attended the dedication of the newly rebuilt Oddfellows' hall in Macleod last week.

Upwards of fifty antelope broke through the ice of the Saskatchewan river near Medicine Hat and were drowned.

Dr. and Mrs. R. L. Borden, of Coleman, are leaving shortly to reside in England. Their daughter, Miss P. Borden, who is attending St. Hilida's school, Calgary, will accompany them.

Steve Bibrasky, who has been a patient in the Coleman hospital since the auto accident of a few weeks ago, has slightly recovered, and was removed to the hospital in Blairmore last week end.

The Enterprise has entered into a contract for advertising the wares of a large number of Canadian manufacture and wholesale concerns. The series begins in this issue and will continue indefinitely.

Northern Alberta fishermen, who ship some 3,000,000 pounds of whitefish into the United States each year, will benefit from the new trade treaty with that country to the extent of about \$10,000 annually.

A music teachers' association has recently been formed in Calgary, one of its main purposes being a closer co-operation amongst teachers to bring about better conditions for the music teaching profession.

Remember the whist and supper to be held in the B.E.S.L. clubrooms Friday, November 29, sponsored by the entertainment committee. Good prizes. Admission 25c. Come and bring a friend.

An item in our last issue was slightly misleading in a way. The whist drive to be held in the B.E.S.L. clubrooms tomorrow (Friday) night, is absolutely under the management of the entertainment committee of local branch of the B.E.S.L.

The proposed elimination of the firm of Distributors Limited would put quite a number out of employment, as well as place on the rocks a large investment in warehouses, motor trucks and cars, from which many municipal districts have been deriving a revenue.

Mr. and Mrs. Casselman, of the North Fork, were in town on Monday.

Natal proposes to have an open-air rink.

The boys call her Boston. She's just another of the has-beens.

Flag was flown at half-mast over the B.E.S.L. club on Monday, in honor of the late Lord Jellicoe.

ELECTRIC WASHING MACHINE for sale, in first-class shape. Apply to The Blairmore Enterprise. [n14-31.]

FOR SALE—Piano in perfect condition. Willis make. Apply to The Enterprise.

The local Legion of the B.E.S.L. are installing an up-to-date carpetball alley.

EYES EXAMINED at Blairmore Pharmacy, Monday afternoon, December 2nd, E. J. ANDERSON, B. Sc., in attendance.

For the first time in a good many years, it is an easy matter right now to go by car without chains to the ranger station in the Gap.

Senator Charles Murphy died at Ottawa on Sunday, aged 72. He was a former associate of Sir Wilfrid Laurier.

Mr. W. Cook, who left last week for Blairmore to attend the funeral of his sister, returned yesterday. —Sunnook note in Hanna Herald.

George says the first forty cents made from hotel lounges is to be sent over to help buy socks for the Ethiopian warriors.

During the week, The Enterprise has received Christmas Greeting Card orders from practically every province in Canada.

A whist drive, held under the auspices of the local Social Credit group in their hall on Tuesday night, was quite successful.

Sergt. J. A. Cawsey will return this week end from a three-months' training experience at Regina. Sergt. Cawsey has during his absence been relieved here by Corp. Crump.

When a bunch of Blairmore hunters, in red jackets, were met by a warden in the north country last week, the warden remarked: "Joined the Communists, eh!"

Remember the whist and supper to be held in the B.E.S.L. clubrooms Friday, November 29, sponsored by the entertainment committee. Good prizes. Admission 25c. Come and bring a friend.

ANNUAL-BAZAAR AND TEA, St. Luke's Anglican Church Guild, Saturday, November 30, from 3 to 6 p.m., in St. Luke's hall, Blairmore. Fancy work, home cooking, bran tub, etc. [n21-2t]

A local guy, in camp last week end, went to sleep and during his sleep moved about so restlessly on the frozen ground that a nickel became overheated and formed a liquid without burning a hole in his hip pocket.

Anything but fish might be caught henceforth in the waters of the South Saskatchewan and other streams flowing in or through Alberta. Recently about 100 antelope took to the waters and are still there. Since then some sixty-three pigs have taken a similar notion. The forty-foot bamboo rods should be popular in 1936.

Premier Aberhart recently received his first threat from a letter writer who threatened that unless the government paid its first basic dividend before Christmas, Mr. Aberhart would "suffer the consequences." The premier smilingly said, "We'll have to take the consequences, for we won't be able to pay the dividends by Christmas."
